ONELAN Digital Signage at The Library Show 2009

ONELAN will be at The Library Show (10th- 11th June 2009) in The Pavilion at the Birmingham NEC with Universal AV Services on Stand 349. With over 120 exhibitors the show is the annual meeting place for the library community across all sectors - public, academic, school and workplace.

ONELAN was founded in 1988 and has been developing Digital Signage products since 2001. It has developed leading edge hardware appliances and software products that deliver ease of use, manageability, network security and scalability to the world of Digital Signage.

The company's Net Top Box devices are used as standalone appliances and in dynamic digital media networks within retail, education, industry, government and hospitality. ONELAN's NTBs are now installed in a variety of organisations including such well-known corporates as Airbus, ING Bank, Vodafone, Virgin Holidays and PricewaterhouseCoopers.

ONELAN Ltd is based in Henley-on-Thames, Oxfordshire.
