

For Release: September 2009

## **ONELAN Digital Signage**

### **at InfoComm China 2009**

**September 2009.....** Digital Signage Specialist ONELAN will be supporting AsiaVoila at InfoComm China on 9 - 11 November 2009 in the National Agricultural Exhibition Center (New Hall) Beijing, China.

The show is the 6th in the series of dedicated ProAV tradeshows organized by InfoCommAsia Pte Ltd for the Chinese market.

ONELAN develops network appliances for standalone and end-to-end Digital Signage network solutions. The Net-Top-Box is a multimedia, multi-zoned solution capable of displaying stored media and live media e.g RSS feeds, web pages and broadcast or locally streamed TV. With a browser based user interface, the system is fully multi-lingual including all main European languages. Further members of the product family cater for Enterprise network management, Touch applications and integration with external data sources.

ONELAN's NTBs are now installed in a wide variety of organisations such as retail, schools, hospitals, and government buildings, as well as some well-known corporates such as ING, Vodafone, Virgin Holidays and PricewaterhouseCoopers.

ONELAN Ltd is based in Henley-on-Thames, Oxfordshire.
